## *Whitecap Community Safety Officer (CSO) Program.*

### **CONTACT INFORMATION:**

**Temporary Phone Number: 306-281-4868**

**Office Location: Whitecap Dakota Nation Fire Hall.**

## FREQUENTLY ASKED QUESTIONS:

### WHAT IS A COMMUNITY SAFETY OFFICER (CSO)?

A CSO will provide additional uniformed presence and patrol in WDN. They can investigate low-risk incidents (ex. property theft) and engage in the enforcement of provincial laws and/or WDFN bylaws. They may also work with prevention-based programs, such as schools or with community groups.

### WHAT HAPPENS TO THE RCMP?

CSO's and the RCMP will work together. When CSO's deal with low-risk incidents, the RCMP will have more time to focus on serious criminal investigations.

### CAN CSO'S PULL YOU OVER?

Yes, CSO's can pull you over when they are in uniform.

### CAN CSO'S ARREST YOU?

CSO's have the authority to make arrests under certain provincial legislation.

### DO CSO'S CARRY WEAPONS?

CSO's do not carry guns, however, they do carry handcuffs, batons, and an Oleoresin Capsicum spray.

### WHY DO WE HAVE CSO'S?

In October 2019, WDN, Muskoday, and the Province of Saskatchewan signed an MoU agreement. The MoU implements the CSO program to better enforce our laws and ensure community safety. This pilot program is supported by federal and provincial policing funding and by the Lands Advisory Board.

CSOs may enforce laws under the following acts:

- *The Traffic Safety Act*
- *The Alcohol and Gaming Regulation Act, 1997*
- *The Highways and Transportation Act, 1997*
- *The Whitecap Environmental Protection Law, 2018*
- *The All-Terrain Vehicles Act and The Snowmobile Act*
- *The Trespass to Properties Act*
- *The Mental Health Services Act*
- *The Stray Animals Act*
- *The Summary Offence Procedures Act*
- *WDN Smoking Bylaw*
- *WDN Cannabis Control Law (2022)*
- *Other WDN Bylaws (e.g., waste disposal)*

### STC Well-Being Services

Saskatoon Tribal Council (STC) Well-Being Services works collaboratively with our member communities to provide positive outcomes for children and families through the Progressive Model. The Progressive Model funding assists communities in enhancing their prevention and family support services that keep families intact and thriving within their circle of support and cultural connections. The goal is to move towards implementing and delivering their child welfare model.

Well-Being Services provides two collaborative pathways of services to STC members in their respective communities:

#### ➤ Child Protection and Child Safety Services

STC has the legal authority under delegation of the Ministry of Social Services (Child and Family Services Act) to assess, investigate, and respond to alleged reports of child welfare concerns in our member communities.

Well-Being Services works collaboratively with communities to respond to child welfare concerns focusing on addressing safety concerns that support the child's best interest and build upon family strengths.

#### ➤ Secondary-Level Services

Ongoing assessments are essential in enhancing prevention and family support services. Communities are in the best position to know what is required to meet the needs of their families and children.

Well-Being Services helps facilitate and support capacity building in essential prevention and family support services for our member communities through our clinical and technical support services.

### STC Urban Family Services

Our urban members can also access STC Urban Family Services programs for family support and children programs at their new location at 320-21<sup>st</sup> Street West in Saskatoon. Please call 306-956-0318 for more information or visit STC's webpage.

### Intake Contact Information

#### General Inquiries about Well-Being Services:

306-659-5668 or toll free 1-844-956-5668

(Monday to Friday 8am to 4:30pm)

\*This number gets forwarded to an answering service outside of office hours and only urgent child welfare concerns will be patched through to an on-call worker\*

#### For Kinistin, Mistawasis, Muskoday, One Arrow, and Whitecap:

#### STC toll-free child protection reporting line: 1-866-871-4237

This number is forwarded to a call-center after hours, which in turn directs the call to the STC worker on call.

#### For Muskeg Lake:

Child welfare reports currently go directly to the Ministry of Social Services. Their toll-free intake number is 1-800-274-8297. This number is routed through Mobile Crisis outside of regular office hours.

**The Child and Family Services Act requires First Nations Child and Family Services Agencies to provide services to families on reserve where children are believed to be in need of protection. The goal of child protection services is to maintain children in their family home whenever possible and, if a child must be removed for their protection, to reunite families as soon as possible.**

### What is child abuse and neglect?

Abuse and neglect refers to circumstances that may be harmful to a child's physical, emotional or psychological health.

- **Physical abuse** – any action, including discipline, causing injury to the child's body. Indicators: the presence of several injuries over a period of time; any bruising on an infant; reluctant to go home; cannot recall how injuries occurred, or offers an inconsistent explanation.
- **Sexual abuse** – any action involving a child in sexual exploitation or sexual activity including touching, exposure, using a child in the making of/or viewing pornography. Indicators: injuries to the genital or anal area (e.g., bruising, swelling, infection); pregnancy; age-inappropriate sexual play with toys, self, others; bizarre, sophisticated or unusual sexual knowledge.
- **Emotional maltreatment** – expecting a child to be able to do things he or she cannot do, embarrassing or insulting a child, making hurtful comments about a child's appearance, intelligence, size, ability, etc. Indicators: bedwetting and/or diarrhea which is non-medical in origin; frequent complaints of headaches, nausea, abdominal pain; extreme withdrawal or aggressive behavior; severe depression; running away from home.
- **Neglect** – failing to provide a child with enough food, proper clothing, shelter, health care, or supervision. Indicators: hunger, inappropriate dress, poor hygiene, developmental delays; persistent health conditions (e.g., scabies, head lice); steals food; reports no caregiver at home.
- **Domestic violence** – exposing a child to a pattern of abusive behavior or threats of abusive behavior by one caregiver against another (hitting, kicking, restraining, slapping, throwing objects, intimidation, stalking, etc.). Indicators: physical injuries; aggressive or antisocial behaviours; poor social relationships; low self-esteem.

### Duty to Report

Anyone having reasonable suspicion that a child's physical, mental, emotional welfare has been or is being neglected has the legal duty to report such information immediately to a local First Nations Child and Family Services, Ministry of Social Services, or to the Police.

**“The duty to report overrides professional confidentiality codes when there is reason to believe that a child may be abused or neglected.”**

#### As a parent...

If you would like general information on supports available, please call 306-659-5668 or toll-free 1-844-956-5668 and request to speak to the Social Worker on Duty.

### How do I know if my Child is Eligible to be Registered as an *Indian*?

#### Category Chart

This is a basic reference chart for section 6 entitlements under the *Indian Act*:

There are two key distinctions between entitlement categories, Subsections 6(1) and 6(2).

#### **6(1) Entitlement**

- An individual registered or entitled to be registered under subsection 6(1) can pass status to their child(ren).

#### **6(2) Entitlement**

- An individual registered or entitled to be registered under subsection 6(2) must parent with another registered or entitled to be registered Indian in order to pass status to the child(ren).

If only one parent is listed on a child's birth record, it is assumed that the other parent is non-Indian and therefore your child would only be entitled for registration under category 6(2) or not entitled at all. Therefore, it is crucial for the father to sign the "live birth document" in hospital at the time of birth. If the father could not be at the hospital at the time, please ensure to contact Vital Statistics Saskatchewan (eHealth) to request an "amendment to their child's birth record" to add the father.

**WHITECAP BAND MEMBER PARENTS:** *If you have any questions at all regarding Child Registration, or if you are unsure of your category of registration in the Indian Register, please feel free to contact your Whitecap IRA for assistance: Italia Eagle at (306) 477-0908.*

# Do you have a will?

## Did you know?

<9%

Less than 9% of First Nation peoples on reserve pass away with a will

- the INAC website has information about planning your estate
- your will differs if you live on- or off-reserve
- the *Indian Act* outlines what should be included in your will
- you can't gift your land on reserve to someone who is not a member of your First Nation
- you can change your will as often as you like
- writing a will doesn't have to be complicated or costly

## Why make a will?

- to provide for your loved ones, your children and grandchildren
- to decide who will get your home

- to clearly state who should receive your possessions

- to name who will take care of your children and dependents

- to leave instructions for end of life ceremonies

- to name who will take care of your estate

A will could provide peace of mind and clear direction about your wishes to your family and loved ones

## 2023 Annual Veterans Day and Pipe Ceremony

On November 10<sup>th</sup> at the Annual Veterans Day Ceremony, the ceremonial pipe belonging to Chief Whitecap was returned to the Whitecap Dakota Nation Members. Council and members of the Royal Canadian Military Institute presented the ceremonial pipe to our community through ceremony.

On November 2nd, 2023, the ceremonial pipe was returned to Council in Toronto through ceremony at the Royal Canadian Military Institute (RCMI) in Toronto. The pipe had been acquired from Lieutenant William H. Merritt from Chief Whitecap 138 years ago during the Riel Resistance and was acquired by RCMI during Merritt's time as President of the Canadian Military Institute in 1905.

The pipe will be stewarded at the Western Development Museum in Saskatoon.

### **History of the Pipe**

The pipe belonging to Chief Whitecap was acquired from him on May 19, 1885 by Lieutenant William H. Merritt after participating in a pipe ceremony with Chief Whitecap at the time of his detention, along with members of his family, and other Dakota community during the 1885 Riel Resistance.

The significance of the pipe to the Dakota people and its use by Chief Whitecap to seal friendships, signify agreements, and facilitate diplomatic relations with allies, along with historical context later noted, makes it likely that there was cultural confusion between Chief Whitecap and Merritt, both in the significance of the ceremony and the intention of the pipe itself.

Following the events of 1885, Merritt rose to command his regiment, The Governor General's Body Guard for Ontario. Merritt became the President of the Canadian Military Institute (CMI) in 1905 (the Royal Canadian Military Institute). During his tenure with CMI, he donated the ceremonial pipe to the Museum in 1909. The pipe was maintained in the RCMI's collection until it was informally loaned to the Fort York Historic Site and Museum sometime between 1934 and 1939. The City of Toronto's Museum staff later discovered the pipe in their collection, and they subsequently brought it to the attention of the RCMI.

In collaboration, the RCMI Museum researched and identified the pipe and then took steps to return it to our Nation. We are grateful to have the pipe back in its rightful place.

# ATV SAFETY

All Terrain Vehicles, (including side by sides) are specifically designed for off road use and provide a rewarding recreational experience and a valuable tool for those that use them for work. They are not toys, and can cause serious injury or death when operated by the untrained and inexperienced riders.

In Saskatchewan all ATVs are governed by the Saskatchewan All Terrain Vehicles Act (2021)

According to Saskatchewan Government Insurance (SGI), 29 people were killed and 310 were injured in ATV collisions on public roads in the province from 2012 to 2021. However, a majority of ATV crashes and fatalities happen on private roads and aren't included in that data. In Saskatchewan ATVs are the leading cause of hospitalization and death for children 1 to 19 years of age.

In accordance with the Saskatchewan All Terrain Vehicle Act, to operate an ATV, you **MUST** be 16 years of age and have a valid Driver's License.

Youth between 12 and 15 years of age can operate an all-terrain vehicle if:

- they have successfully completed an approved ATV training course, or;
- they are directly supervised by a person who has held a driver's license for the previous year

Following these guidelines will ensure that you make it home safe and sound:

1. **GET TRAINED** – it's important that riders know how to ride their ATV properly. Youth between 12 and 15 years of age **MUST** have successfully completed an approved ATV training course. All riders can benefit from the training.
2. **Wear the Gear**. Saskatchewan ATV Act requires that all ATV riders (including passengers) wear a helmet and goggles (if the helmet doesn't have a face screen), this includes side by sides. Roll cages are not foolproof and in a roll over the driver's head can come in contact with the roll cage or other parts of the ATV resulting in serious head injuries.
3. **Do not allow passengers** unless the ATV is designed to carry a passenger. Single person ATVs are just meant for one person, adding a passenger can create a dangerous imbalance in the ATV, and roll overs are more likely to occur.
4. **The Right ATV** – this is especially true for children. ATVs have warning labels which advises what minimum age is appropriate to riding that ATV. Allowing a child or small person on an ATV that is too large or powerful to handle can have dire consequences.
5. **Ride with a Buddy or Group** – at the very least make sure someone knows where you are going to ride and when you are expected to come back.
6. **Know your Limits** – attempting advanced or tricky maneuvers, without the proper experience and training, can lead to crashes, and serious injuries.
